AWARD-WINNING KITCHENS & BATHROOMS: CUSTOMER DESIGNED & BUILT IN PORT MACQUARIE.

Three of Port Macquarie's leading home build and design firms recently worked together to design, construct and install an award winning kitchen and bathroom in a fabulous Brandon Calder Homes custom-built residence on the North Shore.

The kitchen and bathroom won the Housing Industry Association (HIA) Northern NSW 2015 awards for Best Kitchen of the Year and Best Bathroom of the Year. The custom-

built home was also a finalist in the Master Builders Association (MBA) 2015 Awards.

The good news is, if you're looking for an award winning custom-builder, interior designer or leading kitchen & bathroom manufacturer you don't have to leave Port Macquarie. Contact details are below. You could be enjoying your new custom-built home, new or restyled kitchen and bathroom sooner than you thought possible.
